L'Université Spirituelle Mondiale des Brahma Kumaris (USMBK)

A travers quelque 8,000 centres répartis dans 120 pays, l'Organisation Non- Gouvernementale de l'Université Spirituelle Mondiale des Brahma Kumaris (USMBK) propose une forme claire, simple et précise de méditation, praticable par tous, sans distinction de race, de nationalité, de culture ou de religion. Son objectif principal est d'offrir à quiconque le souhaite des méthodes pratiques de développement personnel par la découverte et la mise en valeur de ses qualités profondes.

Le fondement de son enseignement est la méditation. L'objectif de cette méditation est une meilleure connaissance de soi. C'est avant tout un processus personnel où l'individualité de chacun est entièrement respectée.

La méthode utilisée permet à chacun de mieux comprendre le sens de sa vie et d'en améliorer la qualité en toute indépendance, avec lucidité et à travers une pratique de la méditation adaptée au quotidien.

L'ONG de l'Université Spirituelle mondiale des Brahma Kumaris est affiliée au Département de l'Information Publique des Nations Unies depuis 1980 et dotée du Statut Consultatif Général auprès du Conseil Economique et Social (ECOSOC), depuis 1998.

L'USMBK bénéficie également du Statut Consultatif auprès de l'UNICEF depuis 1988. Plusieurs actions auxquelles l'USMBK participe ont obtenu le soutien d'instances internationales, nationales et locales, ainsi que celui de nombreux gouvernements et personnalités politiques, scientifiques, artistiques ou religieuses.

L'objectif principal de l'aile médicale de USMBK est de promouvoir une meilleure santé mentale, physique, sociale et spirituelle.

QUE PRÉVOIT LA LOI?

Le *Protection from Domestic Violence Act* a été voté en 1997.

LE *TENANCY ORDER:**
accorde à la victime le droit exclusif d'occuper la maison en location.

Des *Interim Orders* sont émis d'urgence lorsque:
- de sérieux risques d'agression existent;
- une intervention urgente est nécessaire avant que l'agresseur ne soit entendu par un magistrat (pas plus de 7 jours après la date de la demande).

**Toute personne qui ne respecte pas l'un de ces ordres est passible d'une amende n'excédant pas Rs 10,000. et d'une peine d'emprisonnement ne dépassant pas 2 ans.*

L'Université Spirituelle Mondiale des Brahma Kumaris (USMBK)

A travers quelque 8,000 centres répartis dans 120 pays, l'Organisation Non- Gouvernementale de l'Université Spirituelle Mondiale des Brahma Kumaris (USMBK) propose une forme claire, simple et précise de méditation, praticable par tous, sans distinction de race, de nationalité, de culture ou de religion. Son objectif principal est d'offrir à quiconque le souhaite des méthodes pratiques de développement personnel par la découverte et la mise en valeur de ses qualités profondes.

Le fondement de son enseignement est la méditation. L'objectif de cette méditation est une meilleure connaissance de soi. C'est avant tout un processus personnel où l'individualité de chacun est entièrement respectée.

La méthode utilisée permet à chacun de mieux comprendre le sens de sa vie et d'en améliorer la qualité en toute indépendance, avec lucidité et à travers une pratique de la méditation adaptée au quotidien.

L'ONG de l'Université Spirituelle mondiale des Brahma Kumaris est affiliée au Département de l'Information Publique des Nations Unies depuis 1980 et dotée du Statut Consultatif Général auprès du Conseil Economique et Social (ECOSOC), depuis 1998.

L'USMBK bénéficie également du Statut Consultatif auprès de l'UNICEF depuis 1988. Plusieurs actions auxquelles l'USMBK participe ont obtenu le soutien d'instances internationales, nationales et locales, ainsi que celui de nombreux gouvernements et personnalités politiques, scientifiques, artistiques ou religieuses.

L'objectif principal de l'aile médicale de USMBK est de promouvoir une meilleure santé mentale, physique, sociale et spirituelle.

RASHTRA VAANI

SYNOPSIS

- *Three semi-allegorical figures **Samay Sarini** (the symbol of time), **Dweep Prahari** (the witness of history) and **Rashtra Vaani** (the voice of the nation) take the audience back into time in the year 1900 when Seewoosagur Ramgoolam was born at Bell Rive.*

- *Songs and dances translate the birth and growth of Seewoosagur Ramgoolam among Indian Immigrants in the environment prevailing at the time. The hard work and the unflinching devotion of the workers, in spite of much hardship, helped to achieve the prosperity of the country.*

- *The stream of time flows on and history rides ahead, as the boy Kewal progresses from the sugar cane fields to primary school, and on to university. His commitment to the cause of the oppressed is interpreted by songs and dances. The scene re-enacts his rise to the Legislative Council, and his success in obtaining independence, the birth right of the nation, for Mauritius.*

- *The lyrical ballet projects through a variety of style and form the simplicity and humanism of Sir Seewoosagur Ramgoolam. His love for the people, his respect for other faiths and cultures, his sense of national brotherhood, his love for peace are brought to life. The ballet ends with the achievement of Independence and homage to this great son of the soil.*

- *Two significant highlights of this show are the poetic definition of the quadricolour, and the achievement of Independence by the father of the nation and his colleagues.*

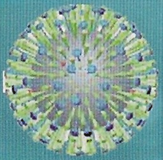
LA CAUSE



- La nouvelle grippe virale est causée par le virus A (H1N1).
- Le Centre for Diseases Control (CDC) aux Etats Unis déclare que ce virus est hautement contagieux et peut facilement se répandre d'une personne à une autre.

LES SYMPTÔMES

- La toux
- La fièvre à 38°c+
- Le mal de gorge
- Les courbatures
- Le vomissement

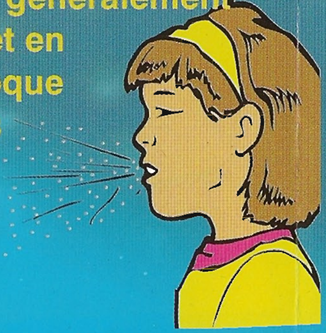
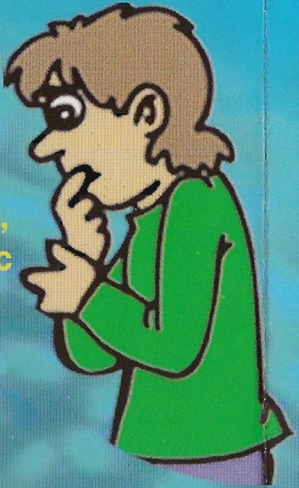
LA TRANSMISSION

- La transmission se fait généralement dans l'air en toussant et en éternuant, ce qui provoque la propagation du virus dans votre entourage immédiat.



- La transmission se fait d'abord en touchant des objets ou surfaces contaminés, et ensuite, en touchant votre bouche, votre nez et vos yeux avec les mains sales.



- Il n'y a aucun risque d'infection par le virus en consommant du porc bien cuit ou des produits à base de porc.

LA PERIODE D'INCUBATION (INFECTIEUSE)

La période d'incubation est d'un à 7 jours (1-7).

LA VACCINATION

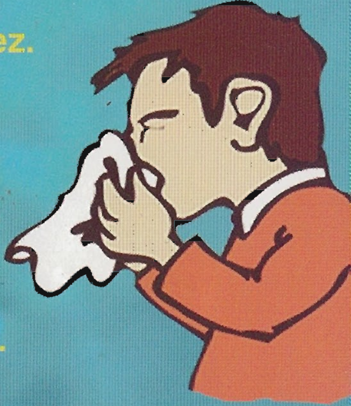
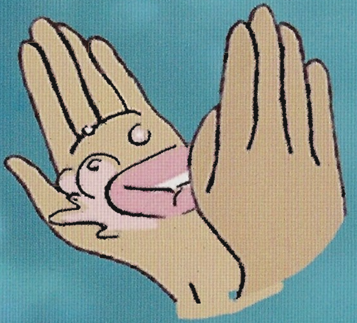
- Jetez le mouchoir en papier (tissue) à la poubelle.



- Lavez le mouchoir.
- Lavez-vous les mains avec de l'eau et du savon.



- Evitez tout contact avec d'autres personnes afin de prévenir la propagation de l'infection.
